Abdullah Al Noman

Software Developer & Aspiring Product Manager

 Dhaka, Bangladesh | +8801771810475 | abdullahalnomancse@gmail.com
 AlNomanCSE | in abdullahalnomancse | Portfolio

PROFESSIONAL SUMMARY

Dynamic Software Developer and Product Lead with a degree from NIT Rourkela. Currently driving product strategy at Innovative Skills BD, where I bridge technical execution with business objectives. Expert in full-stack development and **Project Management (OpenProject)**, with additional experience in HR operations and technical mentorship. Committed to evolving into a **Product Manager/Owner** role to build high-impact, user-centric solutions.

CORE COMPETENCIES

- **Product Leadership:** Roadmap & Prioritization, Stakeholder Management, Strategic Decision Making.

- **Technical Architecture:** Full-Stack Engineering, API Design (REST/Microservices), System Scalability.

- **Management & Ops:** Agile Project Management (**OpenProject**), Team Leadership, HR Operations.

PROFESSIONAL EXPERIENCE

Software Developer & Product Manager   Dec 2025 – Present
Innovative Skills BD   *Dhaka, Bangladesh*

- **Project Management:** Orchestrating team workflows using **OpenProject**, managing task backlogs, Gantt charts, and resource allocation to ensure on-time delivery of educational modules.

- **Product Strategy:** Leading the lifecycle of EdTech features; translated stakeholder needs into technical requirements, resulting in a 20% improvement in user retention.

- **Engineering:** Developing scalable backend systems using **Laravel** and **Node.js** to support thousands of concurrent students for live classes.

- **HR & Operations:** Managing recruitment cycles for the technical team and implementing internal protocols to improve cross-departmental collaboration.

- **Technical Training:** Conducting regular classes to upskill students and internal team members on modern development frameworks.

MERN Stack Instructor   Sept 2025 – Nov 2025
European IT Institute   *Dhaka, Bangladesh*

- Designed a comprehensive 36-class MERN stack curriculum, taking students from basic JavaScript to complex cloud deployment.

- Mentored students on building professional-grade portfolios with a focus on clean code and documentation.

Frontend Developer   March 2025 – Sept 2025
OutNet   *Remote / International*

- Developed high-performance React.js components for international clients, focusing on state management and API integration.

- Reduced frontend bug reports by 30% by implementing strict TypeScript typing and unit testing.

TECHNICAL SKILLSET

- **Languages:** JavaScript (ES6+), TypeScript, PHP, Java, Python, C++

- **Frameworks/Libraries:** React, Next.js, Redux, Laravel, Node.js, Express.js, Spring Boot, Tailwind CSS

- **Databases:** MySQL, PostgreSQL, MongoDB, Redis

- **Project Management:** **OpenProject** (Work Packages, Gantt, Boards), Jira, Trello, Agile/Scrum

- **Tools & DevOps:** Git, Docker, CI/CD Pipelines, Postman, UV, Composer

KEY TECHNICAL PROJECTS

AI Healthcare Chat Ecosystem [Source Code]

- Full-stack AI application using Next.js 14 and RTK Query with real-time streaming and multi-model support.

   NB School Management System [Source Code]

- Developed a secure, role-based academic management system using Spring Boot and MySQL.

EDUCATION & PROFESSIONAL TRAINING

Bachelor of Technology (CSE) 2018 – 2023
National Institute of Technology (NIT), Rourkela, India | **CGPA: 7.20/10**

- **ICCR Scholar:** Awarded full international scholarship by the Government of India.

   Professional Certifications:

- **Java Professional Training** (Pondit) - Advanced Backend Spring Ecosystem.
- **MERN Stack Training** (Internshala) - Verified React Node.js specialization.

ACHIEVEMENTS & LEADERSHIP

- **LeetCode:** Solved 50+ DSA problems (Profile).
- **Black Mamba Racing:** Directed management operations for Formula Student racing project.
- **NIT Rourkela MUN:** Participated as a delegate, developing advanced negotiation skills.
